BOROX PAINT STRIPPER 1034

removes old paint, lacquer and resin mortar

BOROX Paint Stripper 1034 removes old layers of dispersion paint, water based lacquer, synthetic resin mortars. The highly efficient pickling agent loosens and solves materials from all solvent proof surfaces as well as wood, metal and mineral-based surfaces. The efficient formula loosens several layers in one-step and won't drop or splash.

BOROX PAINT STRIPPER 1034
