FLOOR PAINT 908

shiny coloured topcoat with anti-slip effect

Floor Paint 908 is a coloured protective coating, with anti-slip effect for floors with abrasion resistance and shiny appearance. The 1-component methacrylatesystem is reactive and connects with the surface, which gives a superb adhesion. Floor Paint 908 creates a protective film against abrasion, de-icing salt andstains; the anti-slip effect comes through the nanoparticles inside.To be applied on concrete, screed, natural and artificial stones and non-glazed ceramics.
