ROKRYL RAPID 333

fast setting flexible repair mortar for asphalt

Rokryl Rapid 333 is a repair mortar for asphalt. The fast setting repair mortar and casting mortar, developed for the repair of rolled asphalt and mastic asphalt as well as industrial floors, stones and concrete. Rokryl Rapid 333 is a good choice where time and availability matter. Rokryl Rapid 333 is loadable after 20 minutes, even in frost. The excellent abrasion resistance plus the resistance against oil, fuel and de-icing salt make Rokryl Rapid 333 the ideal use as grout mortar.

ROKRYL RAPID 333
