ROXBOND BK 1058

1-comp. glue for multi-purpose application

Roxbond BK 1058 is a ready to use glue, with excellent strength and adhesion and fast setting. The solvent free glue is suitable for nearly everything. Roxbond BK glues stone, tiles, wood, parquet, laminate and cork, styropor, glass and isolation materials. The material is suitable for filling cracks as putty and levelling material. Due to the fine fillers, drawing to zero is effortless. Humid surfaces are suitable for a treatment with Roxbond BK. Dry, sucking surfaces should be pre-treated with a primer made of Cembond 956 and 3 parts water, to avoid burning up

ROXBOND BK 1058
