SILIPOX BAUKLEBER 824

epoxy glue for all types of building applications

Silipox Baukleber 824 is a solvent free epoxy adhesive and filler for construction applications. The mixing ratio of 1:1 is easy to handle and the soft creamy consistence makes application hassle free. Silipox Baukleber 824 adhesive sticks excellent to all mineral surfaces, steel, wood and many plastics. Even wet surfaces are no trouble. Main application is the installation of concrete cones into fibre-reinforced concrete pipes. These connections are waterproof. Because of the excellent adhesion on many other materials, Silipox Baukleber 824 is used for glueing tiles, connect steel and concrete or concrete with concrete.

SILIPOX BAUKLEBER 824

BENEFIT	APPLICATION	INSTALLATION	ACCESSORIE	PRODUCT INFO
Super Adhesion	Glueing Concrete Cones	Manual		REFERENCES
For Wet Surfaces	Ahesive
