SILOX 850

epoxy coating for non-breathable surfaces

Silox 850 is a self-levelling Epoxy coating resin for dry and non-breathable floors. The solvent free, mineral filled resin spreads perfectly and creates jointless floor coatings with long durability. Silox 850 is a decorative, mechanical resistant coating, perfect for supermarkets, technical rooms, labs and storage rooms. Beside cement screed, application on magnesite- and anhydrite screeds is possible.
