SILOX 901-MX

liquid latex membrane with extra cross-linking

Silox 901-MX is a high performance liquid latex membrane for concrete waterproofing. The crack bridging material protects concrete against chemical attacks even permanent under water use is not a problem for Silox 901-MX. The flexible and elastic product is crack bridging and suitable for damp surfaces. Due to good alkaline stability, the use on fresh screed and concrete is recommended.

SILOX 901-MX

BENEFIT

Crack Bridging
Damp Surface
Concrete Protection
Chemical Protection
Waterproofing

APPLICATION

Coating- Permeable
Chemical Strained Surfaces
Gas Room Of Biogas Plants
Silage, Container Sealing
Waterproof Coating

INSTALLATION

Trowel
Spray

ACCESSORIE

Silox Primer 900-P1
Silox Primer 900-P2
Silox Primer 900-P3
Silox Primer 900-P4
Silox EPW 856
Membrane Sealing
Cleaning Agent For Surface
Reprofile & Smoothing
Compound
Screw Pump
