

BoRox®Reiniger 1043

Surface cleaner: Dissolves grease and dirt

	Powerful against oil and grease
	Dissolves old, stuck dirt
	Cleans: glass, metal, concrete, clinker facades and much more

BoRox®Reiniger 1043 is a highly effective alkaline surface cleaner.

Old, stuck dirt as well as oil and grease are dissolved.

BoRox®Reiniger 1043 effectively cleans concrete, metal and glass and can also be used to clean clinker facades.

Depending on the degree of contamination, BoRox®Reiniger 1043 can be used pure or diluted with water as required.

BoRox®Reiniger 1043 is not suitable for use on aluminium and paints and varnishes.

The effect against oil and grease is excellent and is further improved by mechanical support such as brushing. Rinse thoroughly with fresh water.

We recommend testing in an inconspicuous place and checking for compatibility with the material to be cleaned. Cover surfaces that are not to be cleaned and protect them against dirt.

All cleaners must be washed off with clear water. Please observe the safety data sheets of the individual products when handling.

These technical information describe the present-day state of knowledge these product. They should only inform about the possibilities of application and could not release the applicator of his commitment to check the possibility to use the product for the required application. Information for processing can be found in processing instructions of our product. Information about safe handling can be found in our current safety data sheet.
