

**HydroBloc® 575 Integral**  
New packaging - simply brilliant!

***New available in cartridges***

Proofed quality in a new packaging!

Now available for small repair jobs. Integral® resins in the cartridge. Usual 310 ml cartridges filled with HydroBloc®575 Integral. The fast seller of the Integral resins with swellability. The application out of the cartridges is directly possible with a special adapter and an injection hose. A refilling in a grease gun or similar is not necessary!

**Where to use Integral® cartridges**

- ✓ **Small repair jobs**
- ✓ **Post-injections**

Integral® cartridges are used wherever cleaning an injection system is more work than the actual injection.

***Integral® =***

- only 1 component ●
- no mixing ●
- no t-gel ●
- no mistakes ●
